

GUN OWNERS OF AMERICA NEW YORK

Friend,

If you're receiving this letter along with your newsletter, it's time to renew your membership. Your support makes it possible for us to publish our newsletter and candidate ratings, as well as funding legal action to take back our rights. We are currently funding two separate lawsuits to overturn the Sullivan Act, which is New York's handgun permit law. We have also fought successfully in court to overturn the convictions of people who were wrongly charged under the SAFE Act, and were able to get their permits and their guns returned to them.

This is just a drop in the bucket compared to what needs to be done. Your membership dues are what funds our efforts, and we need your help now more than ever. Please renew so that we can continue to fight for our Second Amendment rights in New York. We can't do everything, but with your help we can fight injustice one step at a time.

Molon Labe!

GOA-NY Membership Renewal

Count me in! Here is my contribution to help preserve my Right to Keep and Bear Arms in New York State and join Gun Owners of America, New York. I understand that a minimum donation of \$20 entitles me to full membership benefits.
